Education

Parsons School of Design, The New School – New York, NY — Aug 2025 - May 2027
MFA in Design and Technology
GPA: 3.97; Dean's Scholar, Adobe x Parsons Creative, IEI Fellow

Questrom School of Business, Boston University - Boston, MA — Aug 2018 - May 2022
BS in Business Administration and Management, Marketing & MIS

Experience

IBM — May 2026 – Present
UX Design & Research Intern, New York, NY

- ★ Designed future AI agent interaction flows by translating sysprog mental models and trust thresholds into UX decisions around transparency and human-AI collaboration, shaping the wxa4z product roadmap.
- ★ Conducted 14 in-depth interviews with z/OS systems programmers of external clients to surface three AI readiness archetypes, accelerating team alignment on Agent for z/OS interaction principles.
- ★ Validated interaction strategy with UX, engineering, and product stakeholders by delivering research-backed design recommendations and collaboration scenarios.

KAIA Network - AI for Social Good — Nov 2025 - May 2026
Product Design Intern, New York, NY

- ★ Redesigned end-to-end platform experience for KAIA Network by mapping user flows and information architecture for a cross-disciplinary academic research community collaborating on AI for social good.
- ★ Prototyped an AI-driven collaboration assistant to surface relevant funding opportunities and project matches, improving knowledge-sharing across a fragmented research community.

Super Purposes — Oct 2024 - Mar 2025
UX Designer, New York, NY

- ★ Designed 5 high-conversion responsive page layouts for webinar pages and course curriculum platform, leveraging iterative wireframing to improve enrollment conversion for early career professional audiences.

Ogilvy — Jun 2022 - Jun 2023
Program Associate, New York, NY

- ★ Optimized budgeting and resource allocation for a $7MM+ Nestlé portfolio, tracking year-long projects and coordinating cross-functional teams (Account Management, Creative Resourcing, Finance) to ensure efficient, data-informed delivery of campaigns that supported meaningful audience engagement.

Oracle — Jun 2021 – Aug 2021
GBU Marketing Operations Intern, Boston, MA

- ★ Produced 7 recurring reports using Oracle's Data Visualizer (leveraging Tableau and SQL knowledge) to track key metrics and inform data-driven decision-making.
- ★ Developed 10+ internal guides and resources to streamline workflows and improve accessibility of information across the marketing organization.
